

### 2017 Soybean Program

All soybeans delivered will first be applied to Contract.

IF no contract is established, soybeans must be:

- Priced within 10 days of unload (basis fixed or cash)
- or put on Delayed Pricing program as stated below.

Delayed Pricing Contract: If grain was not priced within the 10 day period, it will roll on to the DP Program described below.

\$.10/bushel flat fee

\$.05/bushel/month service charge

Charges will accrue from average unload date.

Beans must be priced by 7-1-18.

Any bushels not priced by 7-1-18 will automatically be priced the close of the following business day.

Moisture shrink: (unchanged from past 10 years)

2.5% shrink factor applied to any soybeans over 13.0% moisture

\*\*\*All of the above subject to change without notice\*\*\*

Any Questions Please Talk to Travis or Jacob

THANK YOU FOR YOUR BUSINESS!!!
